When I Work®

When I Work Stat Sheet

Description

When I Work is a market leader in shift-based workforce management software and delivers a powerful, employee-first experience that creates happier and more productive teams. Trusted by 200,000 workplaces worldwide, When I Work puts scheduling and collaboration at the center of workplace operations and brings empathy, agility, and consumer simplicity to organizations of all sizes. For more information, please visit www.wheniwork.com.

How we were founded

We've all been there. Chad was working at a grocery store – bagging groceries and stocking shelves. He and his co-workers would make many stops to the store on days off to find out when their next shift was. He figured there had to be a better way. Started in 2010, When I Work has become the best scheduling and time tracking software for shift-based teams.
